NH Circuit Court

Motion to reconsider

I sent an email and Ma,
to Counter Council,

9th Circuit-Family Division-Manchester
Matthew-Lane: Hassell and Devin Aileen Kimbark
Case Number: 656-2022-DM-00737

Motion to reschedule case mentioned above and dismiss any warrants that may have been issued.

After having troubles with alcohol, I got into some legal troubles. I have been sober since then and done everything for the past two years to get myself above those past mistakes and grow my life. The final to that chapter ends on the 18th of December, 2022. My paperwork got mixed up and I had the wrong date.

I respectfully ask the Honorable court to reschedule a date for me to appear and to quash the warrant for my arrest for my noncompliance.
